

THE CLIFTON CLARION.

WEDNESDAY, DEC. 2, 1885.

TERRITORIAL AND GENERAL.

California has had a rain fall averaging two inches.

The Southern Pacific has had 50 men working at the Yuma bridge.

Mr. B. A. Fickas has been appointed Clerk of the District Court in and for Cochise county.

Judge W. H. Barnes has appointed his son-in-law, John H. Martin, to be the Clerk of the District Court of Pima county, vice C. S. Jeffords, resigned.

Judge Barnes has appointed A. R. English, Esq., Court Commissioner, in and for Cochise County, vice G. G. Berry.

Hon. Owen T. Rouse, the newly appointed United States District Attorney for Arizona, is from Moberly, Mo., and is very highly spoken of by his home paper.

The Rev. Thos. H. McMullen of the Christian church has arrived in Phoenix with his family and proposes to make that city his home and to preach there regularly.

The Atchison, Topeka & Santa Fe Railroad and the Southern Pacific Railroad have come to terms and signed a contract whereby both use the track between Los Angeles and Colton in common.

It is denied by friends who were allowed to see his body that Riel's hair was cut off after his death by curiosity-seekers among those allowed at the hanging; or that the body was in any way disfigured.

Arizona is beginning to assert her importance as a stock growing country. Thirty carloads of beef cattle were shipped lately from Huachuca siding by the Cameron brothers. These cattle went direct to the Kansas City market.

It is asserted that an improved process of making Bessemer steel has been discovered in works at Pittsburg whereby steel equal in quality to crucible steel, which costs 11 cents a pound, can be made for a little over one cent a pound.

Attorney-General Garland has informed the authorities at Tacoma, W. T., that he will afford legal assistance in prosecuting persons lately arrested in the Territory for attacks recently made on Chinese residents.

It is rumored in Washington that a strong movement will be made to revive the rank of General in the army, in order that Phil H. Sheridan may be promoted, and that Hancock may be made Lieutenant-General before his retirement, which will occur in 1888.

The citizens of several towns on the Pacific coast have driven out the Chinese recently. The movement has become general and the Mongolian must go. It would be well for Arizona to start in and relieve herself of the almond-eyed sons of Confucius. They are a detriment to any country or community.—Florence Enterprise.

Mr. Charles R. Wores recently returned to Tucson from an extended trip through the Territory from Yuma to Clifton. He says Clifton is the liveliest camp in the Territory. Saturday evening the town was thronged with residents from the Longfellow, Metcalf and Morenci mines and from Solomonville, and things were lively indeed. The best of order prevailed.

Hon. J. S. Armstrong, of Tempe, informed our reporter that the Territorial Normal School building at that place would be completed in the course of the next six weeks. The brick has been burned, the lumber is on hand and the foundation has been completed. Ten men are at work on the building and this force will be augmented as soon as it can be done with advantage.—Phoenix Herald.

Judge Henderson has decided the case of Wade vs. Ashenfelter, after a long and learned argument by all parties, in favor of E. C. Wade; holding that the Governor has not the right to remove or suspend. The judge has shown himself to be a hard student and well read in law, and the short time he has had to read the New Mexico statutes, proves the fact that he is a hard worker.—Sierra County, New Mexico, Advocate.

The blood-stained clothing worn by Mr. and Mrs. A. J. Yeater, who were brutally murdered by the Apaches recently near Deming, is on exhibition at the Democrat office in this city. These blood-garments attest to heaven against the present Indian policy of the Government, and call in silent, solemn tones for vengeance. These mementoes of savage cruelty should be sent to President Cleveland, with a demand that the San Carlos Apaches should be removed or exterminated.—Albuquerque Journal.

Copper Matte.
Last year, the yield of the German copper mines was estimated at 14,780 tons.

The Cape of Good Hope shows a steady production of about 5,000 tons of copper per annum.

Last year the total yield of the Spanish copper mines was close on 41,000 tons, while Chili produced a few hundred tons over the 41,000.

Now there are more than twenty separate and distinct copper-producing countries, most of which exercise more or less influence over the European market.

The detailed estimate of H. R. Merton & Co., of London, shows that there are at least a dozen countries which produce more than 1,000 tons of copper per year.

At the head of the list stands the United States, with an aggregate for 1884 of 63,950 tons. It has more than doubled its production in three years, and in five years has very nearly trebled it, its aggregate in 1879 having been only 23,350 tons. For second place Spain and Chili run each other very hard. It is very probable that the current year will reverse their relative position, as the Chili production has for some time been virtually stationary, while that of the Peninsula continues to make rapid progress. Two years ago it was only about 36,000 tons, and not till 1879 did it pass 30,000 tons.—Chicago Mining Review.

The Queen of Italy is called the best dressed woman in Europe.

In the recent election in Massachusetts the Democrats made gains of twenty members of the Legislature. If this ratio is maintained, Massachusetts will elect a Democratic United States Senator before the expiration of the present century, says a hopeful contemporary.

Putting proper stress on that important "if," and bearing in mind the story of the dog who would have caught the fox but for an "if," the above prophecy may come true.

A German technical journal gives an account of an interesting experiment in piano making. The case is made entirely of paper instead of wood, so compressed that it can be highly polished. The color is a creamy white. The tone of the instrument is reported to be not loud, but very sweet. The sound emitted, unlike the short broken note of the ordinary piano, is soft, full, and slightly continuous, resembling, somewhat that of the organ. This modification of tone is attributed to the evenness of texture of the compressed paper.

Bunions are exceedingly troublesome and painful. They usually result from pressure and irritation by friction. This frequently causes a permanent enlargement of the joint, which it is difficult if not impossible to remove. The treatment for corns applies to bunions for removing the soreness; but in consequence of the greater extension of the disease, the cure is more tedious. When a bunion is forming, it may be stopped by poulticing and carefully opening it with a lancet. Gezow's corn cure consists of: Salicylic acid, 30 grains; Ext. Cannabis indica, 10 grains; collodion, 1 ounce, mix.

Miss Arabella Field, who, according to a dispatch from El Paso, Texas, died suddenly of apoplexy in a hotel in that city, and whose papers showed her to have lived at No. 572 Atlantic avenue, Brooklyn, has not been in Brooklyn since she departed on a tour of the foreign countries two years ago. Mr. J. Tomes, who lives at 572 Atlantic avenue, stated that he heard from her two months ago, when she was in San Francisco. She is thought to have an estate of over \$50,000.—Ex.

There is one province of Turkey that even in time of peace suffers many of the horrors of war. This is the classic Province of Macedonia. In that region it is not unusual to see a Greek, Bulgarian, Turkish, and Albanian village standing side by side, each as alien from the others as though separated by the Alps. It results that the dissensions so universal throughout Turkey in Europe find here their vital knot. Each race in Turkey claims this province on grounds which no one can dispute. Even in times of peace the whole province swarms with brigades, and one is hardly safe outside the walls of Salonica. Of the different competitors for the ownership of the province the sympathies of our people rather side with the Greeks. But it is hard to believe that any small power will emerge from a general Turkish war with any prize of value. For in the lap of that unhappy peninsula a new apple of discord has been thrown, on which is written, "To the strongest"—Ex.

Papers that insist on using "done" for "did," are authorized to cut us off their exchange list.—Marshall (Tex.) Messenger. Some folks are to nice for any good.

St. Peter's Cathedral, just finished at Moscow, has five cupolas, and 900 pounds of gold were used in overlaying them. The doors of the temple cost \$310,000 and the marble floors \$1,500,000.

Guanajuato, Mex., is said to be the richest mining district in the world. It is estimated that \$12,000,000 worth of silver is produced annually, says an exchange.

There are so many mining districts that are positively the very richest in the world that it is a little confusing to keep track of them.

Reduced Postage and other causes have increased the correspondence of the world. Less than 50 years ago the average of letters received by each person per annum was only three in the United Kingdom, and it is now 37 letters and 4 postal cards. The latest reliable ascertained comparison (for 1882, when the average was 35 in Great Britain) gives the average per head in the United States at 21; Germany, 17; France, 16; Italy, 7, and Spain, 5.

ARIZONA COPPER CO'S

ASSAY OFFICE!

West side of river in Company's building.

Assaying of Every Kind of Ores and Bullion.

Fully Prepared for all kinds of Analytical Work appurtenant to Metallurgy.

CHARGES FOR ASSAYING.

MARLIN MAGAZINE RIFLE

RESTORED.
LOST
MANHOOD

DR. LIEBIG
Dispensary,
Cor. Geary & Mason Sts.
The College Institute for the cure of all special, complicated, and incurable Chronic Diseases. Dr. Liebig's German medicine is positively guaranteed to cure Nervous and Physical Debility, Weakness, Lost Manhood, Loss of Energy, Ringing and Buzzing in the head, melancholy, hopeless feelings, and the result of youthful imprudence and excesses of mature years. The Doctor is a regular college physician, and will agree to forfeit \$1000 for a case the Investigator will not cure under special treatment and advice. The reason so many can not get cured of Weakness and the above diseases is owing to a complication called PROSTATORRHEA, which requires peculiar treatment.

Liebig's Investigator No. 2 is a positive cure for prostaticorrhea. Price for either of the Investigator \$2.00 per bottle; six for \$10. Sent to any address on receipt of price, or C. O. D. Responsible persons pay when cured. Strictest secrecy maintained. Patients cured at home. Liebig's Dispensary runs an elegant drug store in the building. Consultation, personally or by letter, free.

ORDINARY CASES—Any recent case of special or private disease cured for free. Remedy sufficient to cure will be promptly sent with full directions and advice on receipt of \$17. All packages are securely covered from observation.

INVESTIGATOR SAMPLES FREE.
Call or address Dr. LIEBIG & CO., 403 Geary street, Private entrance, 405 Mason street, San Francisco.

Dr. Liebig's Magnetic Healers or Self-healers, the greatest, curative invention of the age. Every man or woman can now be their own magnetic healer. Students required on the end of the healer, course quarterly no big fees to pay the Hand Rubber. Price \$5.00 complete. Sold only at the Dr. Liebig Dispensary.

THIS GREAT
Remedy is a Nervine tonic in the legitimate sense of the word. It is a powerful, certain, and reliable remedy for all cases of Nervous Debility, Physical Weakness, Prostaticorrhea and Prolapsus, Loss of Manhood, Impotency, Excessive Urinary Frequent Discharge, Loss of Manhood, in all its complications, and from whatever cause produced. Enriches and purifies the blood, strengthens the Nerves, Muscles and Digestion, Reproductive Organs and Physical and Mental Faculties. It stops all unnatural discharges, drains upon the system, preventing involuntary losses, debilitating dreams, seminal losses with the urine, etc., so destructive to mind and body. It is a sure eliminator of all Kidney and Bladder complaints. It contains no injurious ingredients. To those suffering from the evil effects of youthful indiscretions or excesses, a speedy, thorough and permanent cure is guaranteed. Price, \$2.50 per bottle, or five bottles in case, with full directions and advice, \$10. Sent secure from observation to any address upon receipt of price, or C. O. D. To be had only of

Dr. C. D. Salfeld,
216 Kearney street, San Francisco, California. Consultations strictly confidential. Letter, or at office, free. For the convenience of patients, and in order to insure perfect secrecy, I have adopted a private system under which all packages are forwarded. To show its merit, will be sent to any one applying by letter, stating his symptoms and age. Communications strictly confidential.

DR. SALTZFIELD'S
REJUVENATOR

TRIAL BOTTLE FREE!

Lacked Vigor, Premature Decline, Loss of Manhood, in all its complications, and from whatever cause produced. Enriches and purifies the blood, strengthens the Nerves, Muscles and Digestion, Reproductive Organs and Physical and Mental Faculties. It stops all unnatural discharges, drains upon the system, preventing involuntary losses, debilitating dreams, seminal losses with the urine, etc., so destructive to mind and body. It is a sure eliminator of all Kidney and Bladder complaints. It contains no injurious ingredients.
